

NEW Vantage Plus LED Digital Ophthalmoscope

Digital Imaging in your office, operating room, or
anywhere you want it.

As the world leader in binocular indirect technology we lead the way again with the first digital binocular indirect system. Not old analog video but true digital imaging.

Utilize Vantage Plus LED Digital Wireless in your office, operating room, and teaching facility or anywhere you want to capture digital images.

The intuitive and powerful Keeler Software allows you use your laptop or any usb interface to optimize the examination, provide still or dynamic images, which aid in the documentation and diagnosis of your patient.

Increase your practice profile by educating your patients and their family with digital dynamic imaging in your office.

Actual Images

- Includes:** Vantage Plus LED Digital Wireless Ophthalmoscope Docking Station and power supply, additional Slimline Polymer battery, Keeler Software, Digital Wireless Remote Control, and Carrying Case.
- Accessory:** 1205-P-7001 Optional Vantage Plus LED Digital Footswitch.

Technical Specifications

Camera

Interface	USB 2. mini B
Supply	Taken from USB 2 Interface
Resolution	To test pattern 6 of group 2 on the 1951 USAF TEST PATTERN (conforms to MIL-STD 150A standard), when used in combination with a 20D lens
Driver	When installed will work with any video package capable of receiving video input from a USB source
Lead	To connect camera to a PC, Keeler recommends a 5m long USB 2.0A to a mini 5 pin (sometimes packaged as a USB 2.0A to a mini B lead)

Convergence

Range	The camera can be adjusted ± 7 degrees
--------------	--

Working distance

Range	The resolution value given above will be maintained at 450mm ± 50 mm distance from instrument to the eye under examination with a 20D lens.
--------------	---

Vantage Plus

Controls	All controls and features of the Vantage Plus have been maintained
-----------------	--

Adjustment

Vertical adjustment	The vertical adjustment is achieved by rotating the adjustment screw on the mirror holder. The image should be adjusted such that the light patch is in the centre
----------------------------	--

Horizontal adjustment	Factory set
------------------------------	-------------

Focus	See working distance
--------------	----------------------

Physical Size

The Vantage Plus Digital is approx 50mm longer than the standard Vantage Plus.

Weight	The total weight of the complete Vantage Plus Digital is 662g (Vantage Plus is 596g)
---------------	--

Note: The distance and range will vary differing refractive errors of the user. To maximize performance of this product, the user should use refractive error correction aids and adopt a working distance of around 450mm (front of instrument to eye under test) when used with a 20D lens.
